

## Company Profile

“ Charter Global has worked effectively with NCR’s Software Engineering Center in delivering superior and creative solutions. With its consistent quality performance, they stand out from other vendors.

– NCR ”

### Let’s talk about your project needs and build a solution together.

The Charter Global team of over 850 IT professionals delivers end-to-end cloud technology and digital solutions, open source, mobility, ecommerce, and custom application development across multiple platforms. By leveraging the expertise of our highly skilled resources, our clients – Fortune 1000 companies including NCR, Macy’s, LexisNexis, AT&T – increase their efficiency with a more rapid ramp up, scalable resources, and shorter implementation timelines.

We maintain a dedicated SAP practice, as well as support for Oracle JD Edwards and cloud solutions. Our proven process results in deploying solutions at an accelerated pace, a reasonable cost, and with significantly reduced risk. We ensure optimal use of the project team’s time and resources by engaging our offshore team for custom development and testing, as well as post-production support.

### Global Delivery Model

Experienced resources, custom development, and digital solutions help to drive innovation and business growth. Offshore IT is an effective global delivery method of staff augmentation which provides tremendous business value through resource flexibility and cost advantages. Whether you require one resource or a team, Charter Global can scale your resources as needed.
