# Your Partner for Technology Solutions

For over two decades, Charter Global has successfully provided IT services, consulting, digital, and business solutions for mid-size and Fortune 1000 companies in multiple industries. Our unique value is driven by our results-oriented approach and our extensive experience. It's all about the relationships and the trust built in working together on complex, business critical challenges. Our formula for success is based on our ability to anticipate emerging business needs and the flexibility to respond quickly with best practice industry solutions.

## Results-Oriented Approach

- ◆ Flexible delivery options
- ◆ Extensive network of skilled professionals
- ◆ Proven agile business processes
- ◆ Effective collaboration

## Services

From initial strategy and assessment to team augmentation, implementation, and deployment, Charter Global leverages experience gained from projects in multiple industries to support and execute effectively on our clients' project needs.

- **IT strategy & consulting** – Our 20+ years of experience, technology partnerships, and our proven methodologies ensures project success with minimal risk and disruption.
- **Application development** – We design, build, test, implement, and seamlessly integrate applications across the enterprise, adhering to strict timelines and budgets.
- **Managed Services** – Whether you require one resource or a team, we can scale to meet your requirements for a full end-to-end solution that improves operations and reduces costs.
- **QA testing & automation services** – Our experienced QA resources improve workflow and efficiency for DevOps, Big Data/BI, and analytics testing.

## Our people. Your success.

Managing a dynamic, increasingly skilled contingent workforce can be a challenge, especially in a complex, global organization. Recruitment Process Outsourcing (RPO) provides flexibility to effectively manage resource requirements across functional areas and locations at reduced cost.

### Recruitment Process Outsourcing

- ◆ Dedicated account managers
- ◆ Industry-proficient management team
- ◆ Proven delivery with multi-tier process
- ◆ Improved quality of resources
- ◆ Scalable resources to reduce costs
