Delivery Options

Client Managed

Charter Global provides the infrastructure and resources for a sustainable growth model.

CGI Managed

Charter Global manages the infrastructure, resources, projects and deliverables based on software requirement specification and reviews provided by the client. Every SharePoint project follows a standard development process integrating best practices in QA and risk management.

SharePoint Staff Augmentation & Guarantee

Our candidate selection process includes access to a selective pool of candidates with SharePoint and IT skills. The process includes: online technical tests, SME evaluation, intensive interviewing and verification procedures. Project report briefs are provided matching all client requirements prior to any candidate submittal. Charter Global has a high degree of resource retention and satisfaction. This is backed by a 90-day structured refund policy or replacement guarantee within two weeks.
